

A Mistaken Marriage with Mr. CEO Novel

Chapter 21 To 25

Chapter 21 A good Chapter EO who sympathizes with his subordinates

“Oh, I know. So, I came to ask where you are. As the company’s CEO, I have to show compassion to my subordinates.” He Yi Ning replied casually on the phone.

Thank your sister! You are already grateful for not finding trouble with me, alright?

Of course, Shen Qi wouldn’t dare to say these words out loud.

If he really said this, then he was probably going to die soon.

Shen Qi cursed for a long time before she unwillingly gave her address.

Twenty minutes later, just as Shen Qi finished applying the ointment and was about to leave, she saw a Maybach parked in front of the clinic.

Shen Qi sighed from the bottom of her heart, it was truly like a ghost that wouldn’t leave!

The moment Shen Qi saw He Yi Ning, she simply wanted to flee.

Seeing He Yi Ning, Doctor Qi immediately smiled merrily and said: “Xiao Qi? Your husband came to pick you up? “

Shen Qi’s face suddenly changed, she immediately waved and explained: “No no no, you misunderstand! He is mine... Boss! I’ll be leaving first. I’ll pay you my medical fees next time! “

After saying that, Shen Qi ran out as if her butt was on fire.

Doctor Qi looked at Shen Qi strangely, then looked at He Yi Ning, and muttered to himself. “It’s clear that these two are husband and wife ...”

When Shen Qi rushed out, she saw He Yi Ning had already opened the passenger door.

Shen Qi did not want to be the center of attention, so she quickly got in the car.

He Yi Ning stepped on the throttle of the car and with a burst of clamor, Maybach drove away.

Seeing that the car had left the Shen family's territory, Shen Qi secretly heaved a sigh of relief.

If the people from the Shen family were to see him get into a stranger's car, who knows what kind of nasty words they would say.

When Shen Qi came back to her senses, she realized that this path was the one that led to the Jinghua Manor.

"Director He, I've applied for leave today ..." Shen Qi stuttered.

"I know." He Yi Ning's narrow and long phoenix eyes slightly slanted and glanced at Shen Qi: "If you work overtime while you're seriously ill, your pay will double."

"I will keep my post!" Shen Qi immediately abandoned his moral integrity and answered resolutely, "What kind of occasion is it today? I'll go back immediately and bring the toolkit. "

"No need, the things have already been prepared." An extremely faint smile surfaced at the corner of He Yi Ning's mouth as he said, "Are you that short on money?"

Shen Qi's face reddened, and she stuttered as she nodded, "I still want to pay you back the two million ..."

He Yi Ning chuckled, he did not say a word, and after a while, he returned to the Jinghua Manor.

After getting off the carriage, a butler immediately brought Shen Qi to a room, pointed at everything in the room and said: "These are all the personal belongings of the CEO. It will be changed every seven days. Today, CEO wants to meet an important partner at home, so please start as soon as possible. "

“Understood.” Shen Qi immediately went back to work. “I will do it!”

Although it was a business meeting, they still chose to meet at home. This meant that their relationship was very harmonious.

Therefore, today’s modeling is mainly for leisure and comfort.

Shen Qi very quickly picked out a loose linen shirt from the large cloakroom, matching with a set of matching body tempering pants.

Abandoning too serious an ornament, he chose a sports watch.

He opened the drawer and quickly picked out the products suitable for He Yi Ning’s skin.

When Shen Qi was choosing her items, He Yi Ning had already taken a bath and walked over lazily.

Chapter 22 unbuttoned

When He Yi Ning saw the clothes and accessories Shen Qi had picked out, a faint smile was hidden within his phoenix eyes.

Shen Qi passed the clothes to He Yi Ning: “Change your clothes first, I want to see the results.”

“What is it? “You don’t trust my figure?” He Yi Ning did not pick up the clothes in Shen Qi’s hands. Instead, he lowered his body and looked at Shen Qi with a smile that was not a smile.

Because of his actions, the wide bathrobe revealed a little of his chest muscles.

Under the white bathrobe, the skin was the color of wheat, the texture was perfect, and the radiance of spring was faintly discernible.

Shen Qi’s ears inexplicably reddened, and she did not dare look at this enchanter anymore. She once again passed the clothes in her hands out. “As a stylist, you have to strive for perfection.”

“Is that so?” He Yi Ning’s body became lower and lower, and the scent that belonged to him, once again attacked.

Shen Qi immediately put her clothes on the sofa and retreated two steps, dodging the attack range.

When He Yi Ning saw Shen Qi's actions, her pupils became deeper.

He Yi Ning picked up his clothes and went inside to change.

When He Yi Ning reappeared, his gaze couldn't help but be attracted to her.

Perfect!

He Yi Ning was simply a man born for the sake of beauty!

A set of extremely simple casual clothes could actually give off a scent that others did not have.

That laziness and elegance that came from the inside and the incomparable valiant aura that came with every move was enough to sweep away all the small chunks of meat in the world.

Shen Qi admitted that she was attracted.

As a stylist, he liked this kind of people the most.

His foundation was too good, he could control any shape.

It was simply irresistible.

He Yi Ning did not miss the beauty in the depths of Shen Qi's eyes. He narrowed her phoenix eyes, and revealed a satisfied expression.

So he was the first one to look good, right?

"Ah ..." This button seems to have loosened a little. " He Yi Ning purposely said: "Why not change clothes. "Ah, I forgot, this dress is unique."

Shen Qi subconsciously replied right away: "Ah, no need, I'll help you button it a little."

As soon as he finished speaking, his hands and feet immediately found the matching thread made of the same material as the shirt. After studying the way the other buttons were cut, his fingers immediately

flew up the matching thread, preparing to nail the buttons on He Yi Ning's shirt.

He Yi Ning did not have any intentions of taking off his clothes to allow Shen Qi to pin the button. Shen Qi hesitated for a moment, and could only take the initiative to approach: "I'm very fast, please bear with it."

He Yi Ning just stood there, allowing Shen Qi to get closer. His voice was low and filled with magnetism: "Okay."

When Shen Qi got close to Shen Qi, the male hormones that were emitting from his body burrowed into every pore of his body.

Shen Qi didn't even need to look in the mirror to know that her ears were probably red again.

This man was simply a great monster!

The loose button was the third one, and it was located right in front of He Yi Ning's chest.

The moment Shen Qi touched the shirt with her hand, the tip of her finger unconsciously swept across He Yi Ning's chest.

An electric current flowed from his fingertip, instantly reaching the bottom of his heart.

Shen Qi trembled, and almost pricked her own finger.

Just like that, He Yi Ning lowered his head to look at Shen Qi.

Wow, bunnies are really shy.

The root of his ears was red. He really wanted others to take a bite out of him ...

Shen Qi's eyelashes trembled a few times as she forced herself not to be disturbed by this man. She pinched the loose button.

Chapter 23 Good teeth

His fingers flew about, recalling the order in which the other buttons were sewn. He quickly nailed the button back together.

After Shen Qi finished buttoning the button, and confirmed that this button was exactly the same as the other buttons, she reached her hand into his pocket and touched around. The small scissors that should have been in his pocket were not touched.

Shen Qi moved quickly, and when she lowered her head, with a crack, she had snapped the string.

But the button was too close to He Yi Ning's skin.

The moment Shen Qi bit off the thread, her soft red lips instantly brushed across He Yi Ning's chest.

He Yi Ning's phoenix eyes instantly became incomparably deep.

This annoying little rabbit...

Did she even know what that action just now meant?

Only after Shen Qi finished biting the thread did she suddenly regain her senses and realized what she had done.

Before He Yi Ning could speak, Shen Qi's face had already flushed red.

"Right... Sorry... "I subconsciously..." Shen Qi wanted to bite off his tongue!

What kind of explanation was this?

He might as well not explain!

"Good teeth." He Yi Ning's phoenix eyes drooped slightly, landing on the spot where the buttons were placed.

The skin at that place was still faintly burning.

Shen Qi really wanted to find a hole to hide in.

This bad habit of hers was something that she had left behind when she was studying. She had carefully avoided it later on, but today, she made this mistake again ...

Just as Shen Qi was feeling anxious and uneasy, He Yi Ning left her original spot and immediately pulled out a chair to sit down.

Seeing that He Yi Ning did not bother about her, Shen Qi heaved a sigh of relief and wiped the sweat off his nose.

He Yi Ning's clothes were set, if he was punished again because of this button ...

God, old debts, new debts!

It was rare for him to be in a good mood today, but he actually didn't bother about his own mistakes.

Next, nothing could go wrong!

After calming himself down, Shen Qi went over to the mirror and went back to work.

Shen Qi's skin that had just been bathed was full of moisture. It was sufficient for Shen Qi to quickly do some simple maintenance and care for him.

Shen Qi's fingers gently touched He Yi Ning's skin, urging him to quickly absorb the nourishment.

That tapping seemed to have landed on He Yi Ning's heart.

He Yi Ning really wanted to grab hold of that naughty finger and push it fiercely into his chest.

She clearly knew that she had entered a working state, but for some inexplicable reason, she wanted to tease her ...

"How long have you been doing this?" He Yi Ning said in a low voice.

Shen Qi's finger paused for a moment, before she quickened her pace: "It's been three years. It started before I graduated from university. "

He Yi Ning slightly raised his gaze, and the corners of his slender eyes slightly rose: "If I want you to be my stylist, how much do you want to offer?"

Shen Qi's finger paused again, and she immediately replied. "I am just a small stylist, and not an international renowned person. It's already very happy to have the chance to pay my debts."

What a joke!

Be his personal stylist?

Are you planning to die without a burial ground?

After he had paid off his debt, he would scam as far away as he could. He would never see this monster again!

He Yi Ning was not surprised to hear the rejection. The playfulness in his eyes grew even more intense. "Since you're so short on money, then, do you think that among all the men in the world, who can be richer than me?"

Shen Qi's pupils shrank imperceptibly.

It's not the same thing at all, okay?

Even if he earned money, he would still have to spend his life!

If he followed this monster, sooner or later, his admirers would chase him down and torture him to death!

Chapter 24 Chapter an you play golf?

Do you play golf?

Shen Qi lowered her eyes and did not answer He Yi Ning's question.

He Yi Ning did not continue, after Shen Qi finished his pose, he nodded in satisfaction and turned to leave the room.

Shen Qi looked at He Yi Ning's leaving figure, and heaved a sigh of relief.

It was really easy to be nervous and tired when you were in the same room with this man.

After finishing his work, Shen Qi left the room and went to a balcony to look at the scenery.

The Jinghua Manor was about fifty acres of land and the main building was a four story villa. Beside it were two exquisite little buildings that were only two stories high.

There was a large swimming pool in the sunlight directly across from the villa. The water sparkled beautifully in the sunlight.

On one side of the pool was an artificial sand beach with a few umbrellas on it, where they could chat, bask in the sun, and eat BBQ.

On the other side of the pool was a path that would allow three cars to go side by side. On the other side of the path was a grove of trees. Next to the forest was an exquisite garden. It was obviously overseen by someone, which was why it was so alluring.

As Shen Qi was enjoying the beautiful scenery of the villa, the butler slowly walked over and said to Shen Qi: "Miss Shen, CEO invites you to the golf course."

"A golf course?" Shen Qi was startled. "Where?"

"It's behind the villa." The butler wore a formal smile. "Please follow me."

Shen Qi was sleepy for a while, she didn't understand why He Yi Ning would let him go to the golf course.

However, since she was here to work today, there was no reason for her to refuse.

Shen Qi nodded her head and followed the butler out of the villa and towards the back door.

Sure enough, after walking for a short distance, they saw that there were players swinging their clubs in the distance.

He never thought that there would be a small golf course behind the Jinghua Manor.

Although this stadium wasn't big, although it was small in size, it had everything, not a single thing less.

Shen Qi quickly walked over and saw that He Yi Ning had changed into a golf suit and was talking with a man while playing ball.

Shen Qi really did not understand the meaning behind her visit.

After all, he couldn't possibly do a styling for the guest as well, right?

After they walked closer, Shen Qi heard He Yi Ning say to the guests, "If you don't believe me, we can make a bet. If I teach her to play golf in the shortest time possible, you can give me the program. What do you think? "

The other party laughed heartily: "Director He sure knows how to joke."

He Yi Ning looked at him calmly: "I'm not joking, Director Qian can test her first, do you know how to play golf?"

Shen Qi did not interrupt them as she listened to their conversation. She walked up to them and stood there calmly.

When He Yi Ning saw Shen Qi approaching, he immediately put away the golf club in his hand. His phoenix eyes widened as he looked at Shen Qi with a smile that was not a smile: "Can you fight?"

Shen Qi actually knew a little, but when she heard the contents of the conversation between He Yi Ning and the other party, she immediately decided to help He Yi Ning, shook her head and said: "I won't."

Director Qian turned his head to glance at Shen Qi, and glanced at him in a rather surprised manner, "stylist of the Director He, I remember him as a man. "Why ..."

He Yi Ning suddenly laughed, looking both evil and domineering: "I suddenly want to change my style."

After saying that, He Yi Ning waved at Shen Qi: "Come here."

Shen Qi hesitated for a moment, then slowly walked to He Yi Ning's side.

Chapter 25 Bargaining

He Yi Ning gestured for Shen Qi to grab the ball like how he did with the others.

Shen Qi glanced at He Yi Ning uneasily, and her body stiffened as she grabbed onto her bat.

Just as Shen Qi was considering whether to randomly swing a few rods and deal with it, suddenly, her back felt warmth!

Shen Qi's eyes instantly widened, and her entire body instantly stiffened!

He ... He actually ...

Shen Qi did not dare move.

As long as she lightly moved, she would almost completely crash into the other party's embrace.

As if nothing had happened, He Yi Ning stood behind Shen Qi, wrapped his arms around Shen Qi's body, and held onto Shen Qi's stiff fingers with both of her hands. He said softly next to Shen Qi's ear: "You must grip your hand like this, relax your arm, don't be too nervous ..."

How could he not be nervous?

He Yi Ning, wasn't it said that you never got close to women?

Weren't you the one who never let a woman get close to you?

Now give me an explanation!

He Yi Ning did not miss the shock and resistance on Shen Qi's face. He suddenly went close to Shen Qi's ear and sighed: "As long as you help me win this project, I will forgive you the debts of five hundred thousand."

"One million." Shen Qi endured the steam spewing from the other party's ears and subconsciously bargained with him.

"Hur hur." He Yi Ning chuckled. "Come, I'll teach you how to play ball."

When he thought of how he could escape from this demon as soon as possible, even if he was not used to it, Shen Qi still mustered his strength and followed He Yi Ning's movements, swinging his staff and hitting the ball.

Watching as the golf ball flew away, He Yi Ning suddenly touched Shen Qi's earlobe lightly as if he was playing a prank: "You did well."

Shen Qi's body could not help but tremble.

He Yi Ning caught her trembling in an instant.

When Director Qian saw the ball fly out, he immediately stood up and clapped. "I didn't think that even a stylist would have such a talent. Looks like Director He doesn't plan on letting me have a share of the share? "

He Yi Ning did not let go, he only straightened his body and said, "Chief Qian already has so many items. One more doesn't mean much, one less doesn't mean much. Since my He's Consortium wants to enter this industry, why not just give me the money and let me play with it? "In return, I can give you the land in the southern suburbs at a cheaper price."

Chairman Qian thought about it and said, "Alright, since Director He wants to play, how can I not cooperate? Director He is the emperor of an economic empire, I willingly acknowledge my inferiority. "

The corner of He Yi Ning's mouth rose slightly, "Then I'll have to thank Chief Qian for your help." www.onlinefreenovels.com

When Director Qian saw that He Yi Ning was still holding onto Shen Qi's hand, he instantly understood what was going on, and said: "Since Director He still has matters to attend to, then I will take my leave first."

"Butler, see the guests out." He Yi Ning smiled and nodded. "Please forgive me for not being able to send you off."

"I wouldn't dare." Director Qian immediately said, "Hold it."

The surrounding people all backed off, and Shen Qi immediately pulled on his finger, but she found that He Yi Ning was still holding onto it tightly, and was unable to pull out his finger at all.

Shen Qi felt that she was about to be driven crazy by He Yi Ning.

What did he mean?

He clearly had no intention to do it, but why did he still harass him time and time again?

Shen Qi felt that she could no longer tolerate it and turned around to push He Yi Ning away, saying sternly: "Director He, if there is nothing else, I will take my leave first."

He Yi Ning's smile suddenly vanished, and he looked straight at Shen Qi: "Tell me." What is your motive for coming so close to me? "

Shen Qi felt that she was really going crazy!

When did she want to get close to him?

He had always been avoiding them, okay?

He was his uncle in name!

How could she possibly want to get close to him?

Even if this marriage was just a joke, would it still be alright to be recognized by the law within a year?
